The Role:

Would you like to 'flex' your skills in Orthopaedics/MSK in a nationally recognised service containing several centres of excellence, rated in the top 10 for patient satisfaction?

If you answered 'yes' to the above, we'd love to hear from you!

We have flexible Bank shifts and long-term placement opportunities to fit individual lifestyle and circumstances, available for Staff Nurses at the award winning, CQC 'Good' rated Sheffield Teaching Hospitals NHS Foundation Trust - one of the UK's busiest and most successful NHS foundation Trusts.

You'll be working within, and across, the Trauma and Orthopaedic Team within the MSK Directorate. One of the services rated 'Outstanding' in a recent CQC report, they provide one of the largest orthopaedic services in England, providing specialist treatment and surgery for over 200 different conditions affecting joints, bones, muscles and soft tissues, including:

- Orthopaedics
- Rheumatology
- Chronic Pain
- Physiotherapy

The team offers a real supportive and inclusive ethos and sense of community, and the MSK Directorate have a rich tradition of developing their staff, where they strive to promote a culture of continuous quality improvement and encourage their staff to innovate and adopt 'best practice' in order to deliver the highest standard of care to their patients. They are nationally recognised for delivering high quality patient care and excellent clinical outcomes delivered by specialist teams (including surgeons with international reputations).

They provide and support a number of career pathways specialising in orthopaedics, with a programme of continuous support and mentorship, having a team of dedicated Clinical Educators who ensure training is leading edge, relevant, and up to date. The Trust comprises five of Yorkshire's best known teaching hospitals.

Excellent transport links mean their location is commutable from numerous locations including Leeds, Huddersfield, Rotherham, Barnsley, Chesterfield and Doncaster.
